

TECHNICAL DATA SHEET

ReoPave 25

Product Description

ReoPave 25 is a premium fibre, engineered to provide high performance results and crack control and reinforcement. ReoPave 25 is a Type 1, cold drawn hook-end fibre for a range of concrete applications.

Applications

- Dry shotcrete applications
- Roundabouts & roads
- Precast
- Slab on grade

Features

- Round wire, hook ends
- Bright low carbon steel wire
- Degradable bag

Benefits

- Easy to use & high performance
- Even dispersing throughout concrete mix
- Saves the contractor time and money
- Improves site safety
- Superior crack control to conventional methods
- Degradable bag means less handling and wastage

Dimensions

- Length: 31mm
- Diameter: 0.85mm
- Aspect ratio (l/d): n/a
- Quantity of fibres: 7,530/kg
- Shape: Round

Properties

- Tensile strength: 1000-MPa - 1100MPa
- Youngs modulus: n/a
- Specific gravity: 7.93

Compliance

Certificates

Packaging/Storage

- 10kg/20kg bags (100 bags per pallet).
